## SINGING SYLLABUS

Level	Know your level	Syllabus
<b>BEGINNER</b>	Dont know whether you can sing or not. Sings in church or sings in school and other places but not confident to sing on a mic	The beginning course of singing, sing in the right pitch, breathing exercises to hold and control the voice like an instrument. You'll be confident to sing before people at the end of this course. Warm up for the throat, abdomen and upper body for a bold tone.
<b>INTERMEDIATE</b>	Singing is a hobby but doesnt know whether you are singing right. People call you a singer but somewhere you have a doubt whether you sing right.	This course is targetted to the people who already sing well. This course enables you to control your pitch as if you are playing an instrument. Get your voice cleared and sweeten it up in the end of the course. More techniques like slurs, Vibratos, Falsettos in control
<b>ADVANCED</b>	You are a professional singer with good practice and experience but wants to know about the styles and take authority and full control of your voice as an instrument	Assuming that you know to do a vibrato and a falsetto, this course will make you strong in reading a notation and sing along, how to harmonize a melody and sing along with a person in the background (how to sing parts on your own). How to understand different style and select your own style and excel in it. How to have deep control of your voice so that you can sing more confidently before people
